

Website

Page Changes

Navigation Bar →

Main tabs (left to right), with the tutor door set apart on the right:

- **Find a Tutor**- the parent action / homepage entry
 - **How it Works**
 - **HSC & Specialties**- differentiator: HSC, debating, public speaking
 - **Pricing**- plans split by audience
 - **Become a Tutor**- separate button on the right (the tutor door), can have a link down the bottom to 'join waitlist' or potentially sign up from here directly - **not sure**
 - **Join Waitlist**- primary call-to-action button, repeated site-wide - change later to 'join free' or 'sign up for free' - **can be used by both tutors and parents to sign up?**
 - **Log In**- for later, doesn't need to be highlighted- look at tutorbird
- on phone version - three bars down the side

Homepage →

- include **top bit** (same as rn with name + a visual, can potentially explicitly mention 'hsc tutoring' 'debating + public speaking tutoring') (should say 'sign up for free')
- **how it works** (change visually, similar to what we have now) → mention the in-built calendar
- **Discover: find your tutor** (what we have now)
- **HSC + specialties**- debating & public speaking, make it explicit with the subjects for HSC specialised + debating & public speaking tutoring- EMPHASISE THIS
- **parent feature highlights**- with visuals (look at tutorbird - profiles w/ reviews, messaging - but don't need to mention it has an AI messaging assistant- this is just built in, rather advertise it differently, find a tutor close to home - no map tab anymore, auto-invoicing- paying through the app, verified- WWCC, identity checker?, calendar ?- scheduling sessions)
- **two experiences** (already have- down the bottom of tutors - have 'become a tutor' - link to tutor page, down the bottom of parent or student - have 'sign up for free' and link to sign up page)
- **pricing teaser**- a smaller version of what there is now, only a teaser- only two plans, next to the pro plan have the features + visual (tutorbird style w/ like a checklist) → link to the pricing page instead of get started free, that is below
- **final call to action**- there right now BUT make specific for parents, mention that it is free - sign up now (for parents - need to have signup/ login at top too), get started free here

Find a Tutor page →

- Same as before- have it linked → when it is linked, it needs to take up the whole screen - not only half!!
- Needs to have something - a button or smth where parents/ students can sign up

How it works page →

- Same as now BUT change visuals AND make sure it takes up the whole screen

HSC Specialities + Public Speaking/ Debating page →

- link to homepage
- below 'discover, find your tutor'

Become a Tutor page →

- Separate page - *not linked to home page*
- Includes all features for tutors (look at tutorbird for layout + visuals)
- Both premium + basic features
- First include basic features → (look at tutorbird), calendar, paying through the app, reminders, dashboard, tutor profile, find students near u & all in one place etc. - similar to what u have rn, but on a separate tab
- In between → join now, 30 day free trial (look at tutorbird)
- Then have - the 'unlock the classroom' premium (what we have now) but below include all the premium features (similar layout to tutorbird)
- the whiteboard (look at varsity website), zoom page, auto-invoicing
- How it works for tutors??? → sign up, get verified (WWCC), list, get booked

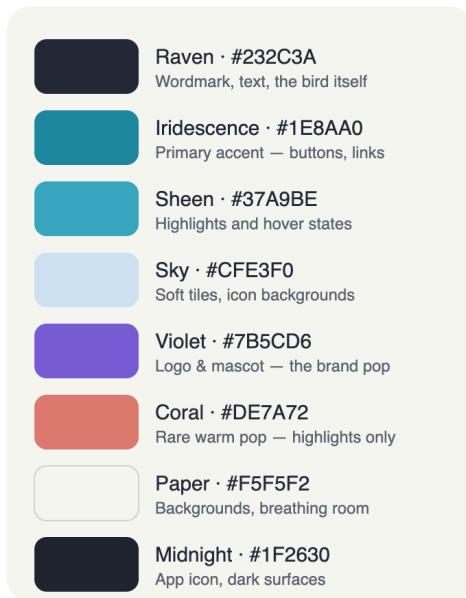

Pricing Page →

- Separate page - not linked
- 'Pricing' not membership
- Should be split - parents/ students and tutors - needs to be more clear rn
- *For Parents*
 - Free: browse, message, book (highlight: no fee for access)
 - Premium/ Pro: AI practice, recordings, progress reports
- *For Tutors*
 - 30-day free trial, then Basic or Premium/ Pro
 - Basic: get listed, take bookings- list the features
 - Premium: classroom, AI tools, invoicing, monthly or discounted yearly

Visual changes

- DIFFERENT COLOUR THEME - BOTH APP + WEBSITE
 - Same/ similar orange + purple ? (purple should be the highlights + logo instead of orange)

- **potential colour pattern:**

- Similar to varsity tutors BUT with purple

- Don't like this font

Find the right tutor, connect with them, and manage every lesson in one place.

Homepage →

- Needs a visual at the top - smth like this (obviously different colours & fonts - this is just the tutorbird website for inspo)

Helping you...

g|

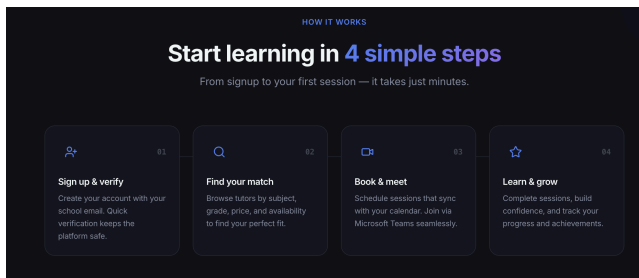

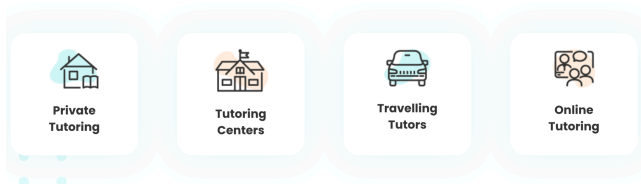

Since 2014, TutorBird has been the #1 tutor management software for private tutors, tutoring centers, and test prep centers. Student management, flexible scheduling, online payments, and more – **all in one place!**

[Get started today!](#)

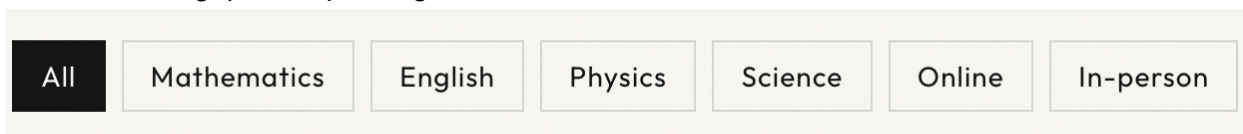

- How it works- needs a better visual
- In boxes or smth → use these 2 for inspo (obviously with our colour scheme - include little visuals + boxes)

**Designed for tutors of
all kinds**

- Discover - find your tutor
- Boxes need to be more specific, hsc subjects like → mathematics advanced and debating, public speaking

- Parent feature highlights - should be alternating + more visuals (LOOK AT TUTORBIRD)

Create a website

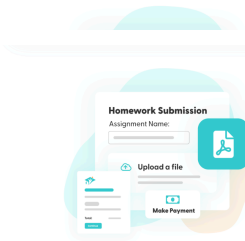

- ✔ Drag & drop content with the user-friendly visual editor
- ✔ Customize with your brand colors, logo, domain, and more
- ✔ Collect new student sign-ups with a customizable form
- ✔ Select from one of the mobile-friendly site templates
- ✔ Manage your media files or choose from stock photos

"I can't believe I used to spend money on another website builder site! My TutorBird site is so much more professional!"

Roylan P.

Invite families to the Student Portal

Student Portal

- ✔ Let students and parents book lessons
- ✔ Set your own booking and cancellation policies
- ✔ Accept online payments through the Portal
- ✔ Collect homework submissions from students
- ✔ Share lesson notes, online resources, and business updates

"The ability to track student progress and communicate easily with both students and parents has strengthened my tutoring relationships. Highly recommended!"

Jennifer C.

Automate your consultations

- For the safety is built in feature- can look at this (not for aesthetic, just for words kinda)

TRUST & SAFETY

Safety is built in

Every feature designed with student safety and academic integrity at its core. Parents and schools can trust LockdIn.

Email verification

Every user verified with a valid school email address.

Easy reporting

Report issues instantly. Reviewed within 24 hours.

School oversight

Schools can deploy branded versions with custom policies.

Session transparency

All sessions logged and reviewable by administrators.

Data privacy

Information encrypted. Never shared with third parties.

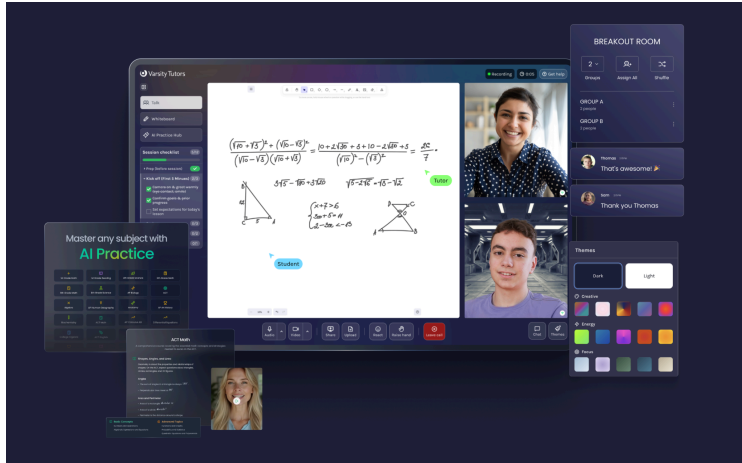

Academic integrity

Guidelines ensure tutoring helps understanding, not shortcuts.

- Two experiences - nice + aesthetic, but needs to be more fun, visuals like little logos etc.)

Become a Tutor →

- For this page look at the layout + visuals of the tutorbird website, with the app version as a visual + take inspo
- These type of visual but a bit more animated like tutorbird

OVERALL

- Good aesthetic, but just needs more visuals so it's not as boring!!! Look at tutorbird website
- Different theme colours (too similar to claude rn) → look at the colour scheme

App

Onboarding

- Change theme colours to the colour scheme
- Create account + sign-in → should have the option to sign in with google/ apple

Create your profile

Email

Sign up by email

or

 Sign up with Google

 Sign up via Apple

Do you already have an account?
[Connection](#)

By signing up, you agree to our [terms](#).

- Have the bar at the top connected not broken up
- Also order of this can be changed → not sure

parent/student sign up

- Name, email, phone number (can connect to apple/ google accounts)
- Profile photo → but NOT compulsory
- Proof of id??? → potentially don't have to do this
- Year + subjects needs help with → make sure subjects are split into categories - year k-6, 7-10, 11-12 (hsc subjects) + debating & public speaking - **NO UNI TUTORING yet**
(once they put in the year then bring up the corresponding subjects)
- Location - enter suburb for radius → should pop up with the automatic suburb thing
- Form → Enter if they want online only/ home tutoring/ both
- **DON'T NEED TO ENTER AVAILABILITY**

tutor sign up

- Similar to varsity tutors → look at their website!!!!
- *name, email, phone number* (can connect to apple/ google accounts)
- *profile* → first and last name, profile photo & age - need to make sure the pfp is an image of only their face (like what superprof does)
- *highest level of education*
- *years/ subjects interested in tutoring* (have to done the subject/ be qualified to tutor it) - same system as parents - after u pick the years, then corresponding subjects available + debating & public speaking (obviously)
- *hourly rate* → can vary based on years but need to have entered from \$___ to \$___ → look at superprof
- *Upload past yearly report/ ATAR* - can pick individual subject results to be viewable on profile (let them know this underneath somewhere, the subjects u are tutoring results need to be viewable) - or for debating + public speaking (previous experience + achievements) → **compulsory, can't move on**
- *online/ in person* (if in person enter where based so can see how far potential students are)
- *upload resume/ cover letter* (optional), can be accessed on profile + do *a profile description* (find what superprof's says, **compulsory- min + max amount of words**) → see superprof
- *verification* - if they are 18+ they need to put a WWCC (in the profile stage) - if don't have one have the link to get the APP number under the box
- need to also show proof of ID but can be done later → this is optional but strongly recommended, same system/ app to linkedin + a tick will be next to their profile if they are verified
